MEETINGS AND EVENTS

VIRTUAL MEETINGS

Interest groups
Members can join several established interest groups which reflect the varying interests and specialisms across our Corporate Membership

Regional and Country groups
Providing dedicated forums for local networking and information sharing, each group hosts their own events and meetings to support members locally and help develop our work throughout the UK

Task Force meetings
These meetings are held in response to actions or outstanding matters discussed at Regional and Country groups

MAJOR EVENTS

Parkex and Traffex

Europe's largest dedicated parking event where the profession comes together to find solutions to the latest parking issues. Visitors can tap into the breadth of knowledge and experience of exhibitors, access extensive content and contribute to debate and thought-leadership in the Parkex Hub and make an abundance of useful connections

Annual Conference

Our hugely popular conference always draws a crowd. With something for everyone, it is a must attend for parking professionals

Parking Scotland Expo

Focused on Scottish parking regulations and alongside an exhibition, this is a day of thought-provoking insights designed to provide practical knowledge to tackle the future parking landscape head-on

JOIN THE CONVERSATION

Improving public perception in parking standards

Shaping the direction of our sector through our EV working group, stakeholder and government relationships, and other initiatives

Changing perceptions and challenging misconceptions through the Positive Parking Agenda

Leading the global Alliance for Parking Data Standards with the European Parking Association and the International Parking and Mobility Institute (USA)

Supporting the development of sustainable practices and initiatives that aim to improve air quality, reduce emissions and have a positive impact on our environment

Supporting the adoption of Connected and Autonomous Vehicles (CAV) and the use of cleaner and more sustainable fuels

Promoting the adoption of common standards and best practice

Governance

The BPA is a not for profit membership association and our mission is simple - to achieve excellence in parking for all. Democracy is at the heart of everything we do and every one of our members has the right to vote. These votes decide who sits on our decision-making boards such as the Council, BPA Board and Service Boards.

Each vote really does count and helps advise, guide, and shape everything we do.

Political and stakeholder engagement

The BPA's voice has never been stronger, with a proven ability to influence decision making at the highest levels of government in the delivery of improved parking management policy

We monitor key political activity that affects and impacts on the parking profession, ensuring we engage with the best contacts to influence them on behalf of our members

MEETING PLACE

Live webinars

Featuring members discussing the topics that really matter to the parking community, with advice and insight to help navigate a changing environment

Whatever your choice of role or employer, we want you to be successful. This website is designed to support you by providing a range of resources and tools to help develop your skills and build professionalism

NEW INITIATIVES

Park Active

Supported by the UK Government, Park Active aims to improve public health, reduce congestion, bring down pollution levels and provide support for high streets and city centres across the entire community

People in Parking

We regularly hear inspirational stories of teams and individuals working in our sector and created these awards to recognise these efforts through a special end-of-year virtual ceremony

Women in Parking

Created by members for members, this initiative aims to provide a platform and a voice for women and supporters of women across the parking community
